6 “(2) OTHER MODIFICATION AUTHORITY.—The
7 Secretary may allow a producer to modify a con-
8 servation security contract before the expiration of
9 the contract if the Secretary determines that a
10 change made to the type, size, management, or other

12 would, without the modification of the contract, sig-
13 nificantly interfere with achieving the purposes of
14 the conservation security program.

15 “(3) PARTICIPATION IN OTHER PROGRAMS.—If
16 appropriate payment reductions and other adjust-
17 ments (as determined by the Secretary) are made to

14 maintenance requirements) of the conservation
15 security contract as of the date of the termi-

9 the existing contract, including a demonstration that
10 the producer has complied with the schedule for the
11 implementation of new practices and activities in-
12 cluded in the conservation security contract and has
13 met the stated goals for increasing the level of man-
14 agement intensity with which the producer is ad-
15 dressing the designated priority resource of concern
16 or priority resources of concern; and

17 “(2) agrees to implement additional new con-
18 servation practices and activities and to achieve

12 total cost of the conservation security contract to the
13 anticipated environmental benefits from the con-
14 tract;

15 “(2) evaluate applications based on the extent
16 to which the producer proposes to increase the man-
17 agement intensity with which the producer addresses
18 the designated priority resource of concern or pri-
19 ority resources of concern; and

20 “(3) develop any additional criteria for evalu-
21 ating applications that the Secretary determines are

22 “(A) forfeit all rights to receive payments
23 under the conservation security contract; and

24 “(B) refund to the Secretary all or a por-
25 tion of the payments received by the producer

4 tion does not warrant termination of the conserva-
5 tion security contract, the producer shall refund to
6 the Secretary, or accept adjustments to, the pay-
7 ments provided to the producer, as the Secretary de-
8 termines to be appropriate; or
9 “(3) some combination of the remedies author-

14 CONCERN.—

15 “(1) IDENTIFICATION AT STATE LEVEL.—The
16 Secretary shall ensure that the identification of pri-

7 cern, as measured by the applicable resource-
8 specific indices.

9 “(B) PAYMENT AMOUNT.—The annual
10 stewardship payment amount shall be deter-

15 or other interests in eligible land for the purpose of pro-
16 tecting the agricultural production capacity and related
17 conservation values of the land by limiting incompatible
18 nonagricultural uses of the land. The program shall give
19 the highest priority to protecting farm and ranchland with
20 prime, unique or other productive soils that are at risk
21 of non-farm development.

22 “(b) GRANTS.—As the preferred method of admin-
23 istering the program, the Secretary shall make grants to
24 qualified State and local entities. Such grants shall be dis-
25 tributed among States based on demonstrated need for

1 farm and ranch land protection and on the relative con-
2 tribution of funds dedicated by State and local entities for
3 this purpose. Grants may be made for multiple trans-
4 actions without regard for whether pending purchase of-
5 fers are outstanding, so long as all funds provided under
6 the program are used to purchase conservation easements
7 or other interests in land. Qualified State and local entities
8 may use up to 10 percent of a grant for reasonable costs
9 of purchasing and enforcing conservation easements. Any
10 funds not granted to qualified State or local entities under
11 this section shall be available to other eligible entities as

6 erodible cropland for which a conservation easement
7 or other interest is purchased.

8 “(d) GRANT AGREEMENTS.—The Secretary may
9 enter into an agreement with a qualified State or local
10 entity, under which the entity may purchase conservation
11 easements using a combination of its own funds and grant
12 funds distributed by the Secretary under the program.
13 Such an agreement shall stipulate the terms and condi-
14 tions under which the qualified State or local entity shall
15 use funds provided by the Secretary under the program,
16 except that, under such an agreement—

17 “(1) the qualified State or local entity shall be
18 authorized to determine its own criteria and prior-
19 ities for purchasing conservation easements and
20 other interests in land;

21 “(2) qualified State or local entity shall be au-
22 thorized to use its own terms and conditions for con-
23 servation easements and other purchases of interests
24 in land, so long as—

1 “(A) such terms and conditions are ade-
2 quate under State law to achieve and permit ef-
3 fective enforcement of the conservation pur-
4 poses of such easements or other interests, and

5 “(B) the entity has in place a requirement
6 consistent with agricultural activities regarding
7 the impervious surfaces to be allowed for any
8 conservation easement or other interest in land
9 purchased using grant funds provided through
10 this section;

11 “(3) up to 10 percent of grant funds may be
12 used for reasonable costs of purchasing and enforce-
13 ing conservation easements; and

23 the determination of the Secretary, a qualified State or
24 local entity no longer meets the qualifications described
25 in subparagraphs (A) through (C) of section 1238H(4) or

2 agreement, the Secretary may—

3 “(1) revoke the certification of the eligible enti-
4 ty as a qualified State or local entity; or

11 which the Secretary shall provide matching funds for the
12 purpose of purchasing conservation easements or other in-
13 terests of land on individual farm and ranch properties.
14 The Secretary may agree to such terms as the Secretary
15 considers to be appropriate to assure that the purpose of
16 the program is carried out, except that subsection (d)(4)
17 shall apply to any easement held by a State or local agen-
18 cy, or in which a qualified State or local entity will hold
19 a contingent right of enforcement.

20 “(g) CONSERVATION PLAN.—Notwithstanding sub-
21 section (d)(2), any highly erodible cropland for which a
22 conservation easement or other interest is purchased
23 under this subchapter shall be subject to the requirements
24 of a conservation plan. In the case of an easement or other
25 interest in land that is perpetual in duration, the Sec-

1 retary may not require the conversion of the cropland to
2 less intensive uses if, under such plan, soil erosion can
3 be reduced to ‘T’ or below.

4 “(h) BIDDING DOWN.—If the Secretary determines
5 that 2 or more applications for the purchase of a conserva-
6 tion easement or other interest in eligible land are com-
7 parable in achieving the purposes of the program, the Sec-
8 retary shall not assign a higher priority to any one of those
9 applications solely on the basis of lesser cost to the pro-
10 gram.

11 “(i) DETERMINATION OF FAIR MARKET VALUE.—
12 The Secretary shall determine the fair market value of
13 land under the program in accordance with the method
14 of valuation used by the Secretary as of January 1, 2003.
15 The Secretary shall promulgate such rules as may be nec-
16 essary to ensure that the determination of fair market
17 value uses the method of valuation used by the Secretary
18 as of January 1, 2003.”.

16 amended by inserting “Virginia,” after “Vermont,”.

17 (b) CONTINGENCY AMENDMENT FOR ADDITIONAL
18 FUNDS.—In title XI of this Act—

19 (1) if a change in law or laws not pertaining to
20 the agricultural management assistance program re-
21 duces outlays and/or increases revenue by an
22 amount sufficient to offset the increased outlays that
23 would occur over the period of fiscal years 2007
24 through 2012 and the period of fiscal years 2007

16 are awarded and agreements are entered into under this
17 section to support projects and initiatives that collectively
18 address the resource concerns facing producers, ranchers,
19 and nonindustrial private forest landowners, including
20 specifically projects and initiatives that are designed—

21 “(1) to achieve improvements in water quality
22 in watersheds impacted by agriculture, particularly
23 by increasing the participation of producers in im-
24 plementing best management practices in a water-

1 shed or developing environmentally and economically
2 viable alternative uses for manure and litter;

3 “(2) to achieve improvements in air quality in
4 a geographical area where agricultural operations
5 impact air quality;

6 “(3) to conserve water for environmental pur-
7 poses, such as enhanced in stream flows or aquifer
8 recharge in regions, States, or local areas where
9 water quantity is a concern;

10 “(4) to assist in carrying out a State Wildlife
11 Habitat Incentives Program plan or other State, re-
12 gional, or national conservation initiative.

13 “(5) to control invasive species on rangeland or
14 other agricultural land through the cooperative ef-
15 forts of multiple producers in a geographical area;

16 “(6) to address a specific resource of concern or
17 set of concerns on private, non-industrial forest land;

3 “(g) COST SHARE.—The Secretary shall not require
4 more than 25 percent of the cost of a project or initiative
5 supported under a grant or agreement entered into under
6 this section to come from non-Federal sources. However,
7 the Secretary may give higher priority to projects or initia-
8 tives offering to cover a higher percentage of the cost of
9 the project or initiative from non-Federal sources.

10 “(h) FUNDING.—

11 “(1) SET-ASIDE.—Of the funds provided for
12 each of fiscal years 2008 through 2012 to implement
13 the programs specified in subsection (b), the Sec-
14 retary shall reserve 10 percent to ensure an ade-
15 quate source of funds for grants and agreements en-
16 tered into under this section.

17 “(2) ALLOCATION TO STATES.—The Secretary
18 shall allocate to States 90 percent of the funds re-
19 served under paragraph (1) for a fiscal year to allow
20 State Conservationists, with the advice of State tech-
21 nical committees, to select projects and initiatives
22 for funding under this section at the State level. The
23 allocation shall be made on a similar basis as what
24 would have been the case under the covered pro-
25 grams identified in subsection (b).

1 “(3) UNUSED FUNDING.—Any funds reserved
2 for a fiscal year under paragraph (1) that are not
3 obligated by April 1 of that fiscal year may be used

7 **SEC. 2404. REGIONAL EQUITY AND FLEXIBILITY.**

8 Section 1241(d) of the Food Security Act of 1985
9 (16 U.S.C. 3841(d)) is amended by striking
10 “\$12,000,000” and inserting “\$15,000,000”.

11 **SEC. 2405. SINGLE, SIMPLIFIED APPLICATION PROCESS**
12 **FOR CONSERVATION PROGRAMS.**

13 Section 1244 of the Food Security Act of 1985 (16
14 U.S.C. 3844) is amended by adding at the end the fol-
15 lowing new subsection:

16 “(c) SINGLE, SIMPLIFIED APPLICATION PROCESS.—

17 “(1) ESTABLISHMENT.—In carrying out any of
18 the conservation programs administered by the Nat-
19 ural Resources Conservation Service, the Secretary
20 shall establish a single, simplified application for eli-
21 gible persons to use in initially requesting assistance.

22 The Secretary shall ensure that—

23 “(A) conservation program applicants are
24 not required to provide information that dupli-
25 cates information and resources already avail-

1 able to the Secretary regarding that applicant
2 and for that specific operation; and

3 “(B) the application process is streamlined
4 to minimize complexity and redundancy.

5 “(2) REVIEW OF APPLICATION PROCESS.—The
6 Secretary shall review the conservation application
7 process and the forms and related mechanisms used
8 to receive assistance requests from eligible program
9 participants. The purpose of the review shall be to
10 determine what information the participant is actu-
11 ally required to submit during the application proc-
12 ess, including—

13 “(A) identification information for the ap-
14 plicant;

15 “(B) identification and location informa-
16 tion for the land parcel or tract of concern;

17 “(C) a general statement of the applicant’s
18 resource concern or concerns for the land parcel
19 or tract; and

21 mation the Secretary considers essential for the
22 applicant to provide.

23 “(3) REVISION AND STREAMLINING.—The Sec-
24 retary shall carry out a revision of the application
25 forms and processes for conservation programs cov-

1 ered in this subsection to enable utilization of infor-
2 mation technology as an avenue to incorporate ap-
3 propriate data and information concerning the con-
4 servation needs and solutions appropriate for the
5 land area identified by the applicant. The revision
6 shall seek to streamline the application process to
7 minimize the burden placed on the applicant.

8 “(4) CONSERVATION PROGRAM APPLICATION.—
9 When the needs of an applicant are adequately as-
10 sessed by the Secretary, directly or through a third-
11 party provider under section 1242, in order to deter-
12 mine the programs under this title that best matches
13 the needs of the applicant, with the approval of the
14 applicant, the Secretary may convert the initial ap-
15 plication into the specific application for assistance
16 for the program of choice. To the maximum extent
17 practical, the specific application for conservation
18 program assistance shall be carried out by the Sec-
19 retary by requesting only that specific further infor-
20 mation from the applicant that is not already avail-
21 able to the Secretary.

22 “(5) IMPLEMENTATION AND NOTIFICATION.—
23 Not later than one year after the date of the enact-
24 ment of **【the Farm Bill】**, the Secretary shall com-

1 submit to Congress a written notification of such
2 completion.”.

3 **SEC. 2406. ANNUAL REPORT ON PARTICIPATION BY SPE-**
4 **CIALTY CROP PRODUCERS IN CONSERVA-**
5 **TION PROGRAMS.**

6 (a) REPORT REQUIRED.—Subtitle F of title XII of
7 the Food Security Act of 1985 is amended by inserting
8 after section 1251 (16 U.S.C. 2005a) the following new
9 section:

10 **“SEC. 1252. ANNUAL REPORT ON PARTICIPATION BY SPE-**
11 **CIALTY CROP PRODUCERS IN CONSERVA-**
12 **TION PROGRAMS.**

13 “(a) REPORT REQUIRED.—The Secretary of Agri-
14 culture shall submit to the Committee on Agriculture of
15 the House of Representatives and the Committee on Agri-
16 culture, Nutrition, and Forestry of the Senate an annual
17 report that—

18 “(1) documents and analyzes the participation
19 by producers of specialty crops in conservation pro-
20 grams under subtitle D, including the conservation
21 security program and the environmental quality in-
22 centives program;

23 “(2) tracks such participation by crop and live-
24 stock type; and

1 “(3) describes the results of implementing the
2 plan required by subsection (b), as well as any modi-

4 essary to increase its effectiveness.

5 “(b) ACCESS PLAN.—As part of each report sub-

7 a plan to improve the access of producers of specialty
8 crops to, and their participation in, conservation programs
9 under subtitle D. In developing the plan, the Secretary
10 shall consult with organizations representing producers of
11 specialty crops.

12 “(c) SPECIALTY CROP DEFINED.—In this section,
13 the term ‘specialty crop’ has the meaning given such term

22 **SEC. 2407. PROMOTION OF MARKET-BASED APPROACHES**
23 **TO CONSERVATION.**

24 (a) FINDINGS.—Congress finds the following:

1 (1) Many of the conservation and environmental
2 benefits produced on farms, ranches, and private
3 forest lands in the United States do not have an as-
4 signed value in the market place or lack a private
5 market altogether.

6 (2) While private markets for environmental
7 goods and services are emerging, their viability has
8 been hampered by several barriers.

9 (3) The Federal Government can help overcome
10 these barriers and promote the establishment of
11 markets for agricultural and forestry conservation
12 activities.

13 (4) Generating substantial private-sector de-
14 mand for environmental goods and services hinges
15 on the ability to use environmental credits generated
16 by agricultural and forest conservation activities.

17 (b) MARKET-BASED APPROACHES.—Subtitle E of
18 title XII of the Food Security Act of 1985 is amended
19 by inserting after section 1244 (16 U.S.C. 3844) the fol-
20 lowing new section:

21 **“SEC. 1245. MARKET-BASED APPROACHES TO CONSERVA-**
22 **TION.**

23 “(a) IMPLEMENTATION.—To facilitate the develop-
24 ment and effective operation of private sector market-
25 based approaches for environmental goods and services

1 produced by farmers, ranchers, and owners of private for-
2 est land, the Secretary may conduct research and analysis,
3 enter into contracts and cooperative agreements, and
4 award grants for the purpose of—

5 “(1) promoting the development of consistent
6 standards and processes for quantifying environ-
7 mental benefits, including the creation of perform-
8 ance standards or baselines;

9 “(2) promoting the establishment of reporting
10 and credit registries, including third-party
11 verification and certification; and

12 “(3) promoting actions that facilitate the devel-
13 opment and functioning of private-sector market-
14 based approaches for environmental goods and serv-
15 ices involving agriculture and forestry.

16 “(b) ENVIRONMENTAL SERVICES STANDARDS
17 BOARD.—

18 “(1) ESTABLISHMENT.—There is to be estab-
19 lished an Environmental Services Standards Board
20 to develop consistent performance standards for
21 quantifying environmental services from land man-
22 agement and agricultural activities in order to facili-
23 tate the development of credit markets for conserva-
24 tion and land management activities that are agri-
25 culture or forest based.

1 “(2) CHAIRPERSON.—The Secretary of Agri-
2 culture shall serve as chair of the Environmental
3 Services Standards Board.

4 “(3) MEMBERSHIP.—The Environmental Serv-

9 istrator of the Environmental Protection Agency, the
10 Commander of the Army Corps of Engineers, and
11 such other representatives as determined by the
12 President.

13 “(4) SUBCOMMITTEES.—The Environmental
14 Services Standards Board may form subcommittees
15 to address specific issues.

16 “(c) DISSEMINATION OF PERFORMANCE STAND-
17 ARDS.—Federal agencies are authorized to adopt perform-
18 ance standards developed by the Environmental Services
19 Standards Board for quantifying environmental services
20 that establish credits to meet requirements of environ-
21 mental and conservation programs.

22 “(d) FUNDING .—There is authorized to be appro-
23 priated \$50,000,000 to carry out this section. Amounts
24 so appropriated shall remain available until expended.

25 “(e) DEFINITIONS.—In this section:

1 “(1) **BASELINE.**—The term ‘baseline’ means a
2 level of effort or performance that is expected to be
3 met before an entity can generate marketable cred-
4 its.

5 “(2) **PERFORMANCE STANDARD.**—The term
6 ‘performance standard’ means a defined level of en-
7 vironmental performance, expressed as a narrative
8 or measurable number, which specifies the minimum
9 acceptable environmental performance of an oper-
10 ation or practice.”.
