(2) SPECIAL CONSERVATION RESERVE ACREAGE PAYMENT RULES.—For the crop year in which a base acres adjustment under subparagraph (A) or (B) of paragraph (1) is first made, the owner of the farm shall elect to receive price loss coverage or revenue loss coverage with respect to the acreage added to the farm under this subsection or a prorated payment under the conservation reserve contract, but not both.

(b) PREVENTION OF EXCESS BASE ACRES.—

(1) REQUIRED REDUCTION.—If the sum of the base acres for a farm, together with the acreage described in paragraph (2) exceeds the actual cropland
acreage of the farm, the Secretary shall reduce the base acres for 1 or more covered commodities or cotton for the farm so that the sum of the base acres and acreage described in paragraph (2) does not exceed the actual cropland acreage of the farm.

(i) remains devoted to commercial agricultural production; or

(ii) is likely to be returned to the previous agricultural use.

(B) REQUIREMENT.—The Secretary shall establish procedures to identify land described in subparagraph (A).

SEC. 1106. PAYMENT YIELDS.

(a) ESTABLISHMENT AND PURPOSE.—For the purpose of making payments under this subtitle, the Secretary shall provide for the establishment of a yield for each farm for any designated oilseed for which a payment yield was not established under section 1102 of the Food, Conservation, and Energy Act of 2008 (7 U.S.C. 8712) in accordance with this section.

(b) PAYMENT YIELDS FOR DESIGNATED OIL-SEEDS.—

(1) DETERMINATION OF AVERAGE YIELD.—In the case of designated oilseeds, the Secretary shall determine the average yield per planted acre for the designated oilseed on a farm for the 1998 through 2001 crop years, excluding any crop year in which the acreage planted to the designated oilseed was zero.

(2) ADJUSTMENT FOR PAYMENT YIELD.—
(A) In general.—The payment yield for a farm for a designated oilseed shall be equal to the product of the following:

(i) The average yield for the designated oilseed determined under paragraph (1).

(ii) The ratio resulting from dividing the national average yield for the designated oilseed for the 1981 through 1985 crops by the national average yield for the designated oilseed for the 1998 through 2001 crops.

(B) No national average yield information available.—To the extent that national average yield information for a designated oilseed is not available, the Secretary shall use such information as the Secretary determines to be fair and equitable to establish a national average yield under this section.

(3) Use of county average yield.—If the yield per planted acre for a crop of a designated oilseed for a farm for any of the 1998 through 2001 crop years was less than 75 percent of the county yield for that designated oilseed, the Secretary shall assign a yield for that crop year equal to 75 percent
of the county yield for the purpose of determining
the average under paragraph (1).

(4) No Historic Yield Data Available.—In
the case of establishing yields for designated oil-
seeds, if historic yield data is not available, the Sec-
retary shall use the ratio for dry peas calculated
under paragraph (2)(A)(ii) in determining the yields
for designated oilseeds, as determined to be fair and
equitable by the Secretary.

(c) Effect of Lack of Payment Yield.—

(1) Establishment by Secretary.—If no
payment yield is otherwise established for a farm for
which a covered commodity is planted and eligible to
receive price loss coverage payments, the Secretary
shall establish an appropriate payment yield for the
covered commodity on the farm under paragraph
(2).

(2) Use of Similarly Situated Farms.—
Notwithstanding any other provision of law, to es-
establish an appropriate payment yield for a covered
commodity on a farm as required by paragraph (1),
the Secretary shall take into consideration the farm
program payment yields applicable to that covered
commodity for similarly situated farms.
(d) Single Opportunity to Update Yields Used to Determine Price Loss Coverage Payments.—

(1) Election to update.—At the sole discretion of the owner of a farm, the owner of a farm shall have a 1-time opportunity to update the payment yields on a covered commodity-by-covered commodity basis that would otherwise be used in calculating any price loss coverage payment for covered commodities on the farm.

(2) Time for election.—The election under paragraph (1) shall be made at a time and manner to be in effect for the 2013 crop year as determined by the Secretary.

(3) Method of updating yields.—If the owner of a farm elects to update yields under this subsection, the payment yield for a covered commodity on the farm, for the purpose of calculating price loss coverage payments only, shall be equal to 90 percent of the average of the yield per planted acre for the crop of the covered commodity on the farm for the 2008 through 2012 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the crop of the covered commodity was zero.
(4) Use of county average yield.—If the yield per planted acre for a crop of the covered commodity for a farm for any of the 2008 through 2012 crop years was less than 75 percent of the average of the 2008 through 2012 county yield for that commodity, the Secretary shall assign a yield for that crop year equal to 75 percent of the average of the 2008 through 2012 county yield for the purposes of determining the average yield under paragraph (3).

(5) Effect of lack of payment yield.—

(A) Establishment by Secretary.—

For purposes of this subsection, if no payment yield is otherwise established for a covered commodity on a farm, the Secretary shall establish an appropriate updated payment yield for the covered commodity on the farm under subparagraph (B).

(B) Use of similarly situated farms.—Notwithstanding any other provision of law, to establish an appropriate updated payment yield for a covered commodity on a farm as required by subparagraph (A), the Secretary shall take into consideration the farm program payment yields applicable to that covered commodity for similarly situated farms, but before
the yields for the similarly situated farms are updated as provided in this subsection.

SEC. 1107. FARM RISK MANAGEMENT ELECTION.

(a) IN GENERAL.—

(1) PAYMENTS REQUIRED.—Except as provided in paragraph (2), if the Secretary determines that payments are required under subsection (b)(1) or (c)(2) for a covered commodity, the Secretary shall make payments for that covered commodity available under such subsection to producers on a farm pursuant to the terms and conditions of this section.

(2) PROHIBITION ON PAYMENTS; EXCEPTIONS.—Notwithstanding any other provision of this title, a producer on a farm may not receive price loss coverage payments or revenue loss coverage payments if the sum of the planted acres of covered commodities on the farm is 10 acres or less, as determined by the Secretary, unless the producer is—

(A) a socially disadvantaged farmer or rancher (as defined in section 355(e) of the Consolidated Farm and Rural Development Act (7 U.S.C. 2003(e))); or

(3) PAYMENT RATE.—The payment rate shall be equal to the difference between—

(A) the reference price for the covered commodity; and

(B) the effective price determined under paragraph (2) for the covered commodity;

(4) PAYMENT AMOUNT.—If price loss coverage payments are required to be provided under this subsection for any of the 2013 through 2017 crop

under subsection (b) for a covered commodity, all of
the owners of the farm may make a one-time, irrev-
ocable election on a covered commodity-by-covered commodity basis to receive revenue loss coverage payments for each covered commodity in accordance with this subsection. If any of the owners of the farm make different elections on the same covered commodity on the farm, all of the owners of the farm shall be deemed to have not made the election available under this paragraph.

(2) PAYMENTS.—In the case of owners of a farm that make the election described in paragraph (1) for a covered commodity, the Secretary shall make revenue loss coverage payments available under this subsection for each of the 2013 through 2017 crop years if the Secretary determines that—

(II) subject to clause (iii), the average national marketing year average price for the most recent 5 crop years, excluding each of the crop years with the highest and lowest prices.

(ii) YIELD CONDITIONS.—If the historical county yield in clause (i)(I) for any of the 5 most recent crop years, as determined by the Secretary, is less than 70 percent of the transitional yield, as determined by the Secretary, the amounts used for any of those years in clause (i)(I) shall be 70 percent of the transitional yield.

(iii) REFERENCE PRICE.—If the national marketing year average price in clause (i)(II) for any of the 5 most recent crop years is lower than the reference price for the covered commodity, the Secretary shall use the reference price for any of
those years for the amounts in clause (i)(II).

(6) PAYMENT RATE.—The payment rate shall be equal to the lesser of—

(A) the difference between—

(i) the county revenue loss coverage trigger for the covered commodity; and

(ii) the actual county revenue for the crop year for the covered commodity; or

(B) 10 percent of the benchmark county revenue for the crop year for the covered commodity.

(A) the payment rate under paragraph (6); and

(B) the payment acres of the covered commodity on the farm.
(8) DUTIES OF THE SECRETARY.—In providing revenue loss coverage payments under this subsection, the Secretary—

(A) shall ensure that producers on a farm do not reconstitute the farm of the producers to void or change the election made under paragraph (1);

(B) to the maximum extent practicable, shall use all available information and analysis, including data mining, to check for anomalies in the provision of revenue loss coverage payments;

(C) to the maximum extent practicable, shall calculate a separate county revenue loss coverage trigger for irrigated and nonirrigated covered commodities and a separate actual county revenue for irrigated and nonirrigated covered commodities;

(D) shall assign a benchmark county yield for each planted acre for the crop year for the covered commodity on the basis of the yield history of representative farms in the State, region, or crop reporting district, as determined by the Secretary, if—
(i) the Secretary cannot establish the benchmark county yield for each planted acre for a crop year for a covered commodity in the county in accordance with paragraph (5); or

(ii) the yield determined under paragraph (5) is an unrepresentative average yield for the county (as determined by the Secretary); and

(E) to the maximum extent practicable, shall ensure that in order to be eligible for a payment under this subsection, the producers on the farm suffered an actual loss on the covered commodity for the crop year for which payment is sought.

(b) TRANSFER OR CHANGE OF INTEREST IN FARM.—

(1) TERMINATION.—

(A) IN GENERAL.—Except as provided in paragraph (2), a transfer of (or change in) the interest of the producers on a farm for which price loss coverage payments or revenue loss

(B) Effective Date.—The termination shall take effect on the date determined by the Secretary.

(2) Exception.—If a producer entitled to a price loss coverage payment or revenue loss coverage payment dies, becomes incompetent, or is otherwise unable to receive the payment, the Secretary shall make the payment in accordance with rules issued by the Secretary.

Subpart A—Dairy Producer Margin Protection

Program

SEC. 1411. ESTABLISHMENT OF DAIRY PRODUCER MARGIN PROTECTION PROGRAM.

The Secretary shall establish and administer a dairy producer margin protection program for the purpose of protecting dairy producer income by paying participating dairy producers—

(2) supplemental margin protection payments if purchased by a participating dairy producer.

SEC. 1412. PARTICIPATION OF DAIRY PRODUCERS IN MARGIN PROTECTION PROGRAM.

(a) ELIGIBILITY.—All dairy producers in the United States are eligible to participate in the margin protection program, except that a dairy producer must sign up with the Secretary before the producer may receive—

(B) payment of the administrative fee under subsection (e) and producer premiums under section 1415; and

(C) participation in the stabilization program under subpart B.

(3) TREATMENT OF PRODUCERS WITH MULTIPLE DAIRY OPERATIONS.—If a dairy producer operates two or more dairy operations, each dairy operation of the producer shall require a separate registration to receive basic margin protection and purchase supplemental margin protection. Only those
dairy operations so registered shall be subject to the stabilization program.

(c) Time for Sign up.—

(1) Existing Dairy Producers.—During the one-year period beginning on the date of the initiation of the sign-up period for the margin protection program, a dairy producer that is actively engaged in a dairy operation as of such date may sign up with the Secretary—

(A) to receive basic margin protection; and

(B) if the producer elects, to purchase supplemental margin protection.

(2) New Entrants.—A dairy producer that has no existing interest in a dairy operation as of the date of the initiation of the sign-up period for the margin protection program, but that, after such date, establishes a new dairy operation, may sign up with the Secretary during the one year period beginning on the date on which the dairy operation first markets milk commercially—

(A) to receive basic margin protection; and

(d) Retroactivity Provision.—
(1) NOTICE OF AVAILABILITY OF RETROACTIVE PROTECTION.—Not later than 30 days after the effective date of this subtitle, the Secretary shall publish a notice in the Federal Register to inform dairy producers of the availability of retroactive basic margin protection and retroactive supplemental margin protection, subject to the condition that interested producers must file a notice of intent (in such form and manner as the Secretary specifies in the Federal Register notice)—

(A) to participate in the margin protection program and receive basic margin protection; and

(B) at the election of the producer under paragraph (3), to also obtain supplemental margin protection.

(2) RETROACTIVE BASIC MARGIN PROTECTION.—

(A) AVAILABILITY.—If a dairy producer files a notice of intent under paragraph (1) to participate in the margin protection program before the initiation of the sign-up period for the margin protection program and subsequently signs up for the margin protection program, the producer shall receive basic margin
protection retroactive to the effective date of
this subtitle.

(ii) the percentage of coverage, subject to limits imposed in section 1415(c).

(D) Duration.—The coverage level and percentage specified in the notice of intent to participate filed by a dairy producer shall apply from the effective date of this subtitle until the later of the following:

(ii) The date on which the Secretary initiates the sign-up period for the margin protection program.

(4) Notice of Intent and Obligation to Participate in Margin Protection Program.—

In no way does filing a notice of intent under this subsection obligate a dairy producer to sign up for the margin protection program once the program rules are final, but if a producer does file a notice of intent and subsequently signs up for the margin protection program, that dairy producer is obligated to pay fees and premiums for any retroactive basic margin protection or retroactive supplemental margin protection selected in the notice of intent.

The participating dairy producer shall pay the administrative fee annually thereafter to continue to participate in the margin protection program.

(a) **Production History for Basic Margin Protection.**—

(1) **Determination Required.**—For purposes of providing basic margin protection, the Secretary shall determine the basic production history of the dairy operation of each participating dairy producer in the margin protection program.
(2) Calculation.—Except as provided in paragraph (3), the basic production history of a participating dairy producer for basic margin protection is equal to the highest annual milk marketings of the dairy producer during any one of the three calendar years immediately preceding the calendar year in which the dairy producer first signed up to participate in the margin protection program.

(3) Election by New Producers.—If a participating dairy producer has been in operation for less than a year, the dairy producer shall elect one of the following methods for the Secretary to determine the basic production history of the dairy producer:

(B) An estimate of the actual milk marketings of the dairy producer based on the herd size of the producer relative to the national rolling herd average data published by the Secretary.

(4) No Change in Production History for Basic Margin Protection.—Once the basic pro-
duction history of a participating dairy producer is determined under paragraph (2) or (3), the basic production history shall not be subsequently changed for purposes of determining the amount of any basic margin protection payments for the dairy producer made under section 1414.

(b) Annual Production History for Supplemental Margin Protection.—

(1) Determination Required.—For purposes of providing supplemental margin protection for a participating dairy producer that purchases supplemental margin protection for a year under section 1415, the Secretary shall determine the annual production history of the dairy operation of the dairy producer under paragraph (2).

(2) Calculation.—The annual production history of a participating dairy producer for a year is equal to the actual milk marketings of the dairy producer during the preceding calendar year.

(3) New Producers.—Subsection (a)(3) shall apply with respect to determining the annual production history of a participating dairy producer that has been in operation for less than a year.
(c) **Required Information.**—A participating dairy producer shall provide all information that the Secretary may require in order to establish—

more than $4.00, the Secretary shall use $4.00.
(B) The Secretary shall multiply the amount under subparagraph (A) by the lesser of the following:

(i) 80 percent of the production history of the dairy producer, divided by six.

(ii) The actual amount of milk marketed by the dairy operation of the dairy producer during the consecutive two-month period.

margin for the consecutive two-month pe-
riod; or

(B) The amount determined under sub-
paragraph (A) shall be multiplied by the per-

“(vi) other agricultural areas (including cropped woodland, marshes, and agricultural land used or capable of being used
for the production of livestock), as determined by the Secretary.

“(5) PRIORITY RESOURCE CONCERN.—The term ‘priority resource concern’ means a natural resource concern or problem, as determined by the Secretary, that—

“(A) is identified at the national, State, or local level as a priority for a particular area of a State;

“(B) represents a significant concern in a State or region; and

“(C) is likely to be addressed successfully through the implementation of conservation activities under this program.

“(6) PROGRAM.—The term ‘program’ means the conservation stewardship program established by this subchapter.

“(7) STEWARDSHIP THRESHOLD.—The term ‘stewardship threshold’ means the level of management required, as determined by the Secretary, to conserve and improve the quality and condition of a natural resource.

“SEC. 1238E. CONSERVATION STEWARDSHIP PROGRAM.

“(a) ESTABLISHMENT AND PURPOSE.—During each of fiscal years 2013 through 2017, the Secretary shall
carry out a conservation stewardship program to encourage producers to address priority resource concerns in a comprehensive manner—

“(1) by undertaking additional conservation activities; and

“(2) by improving, maintaining, and managing existing conservation activities.

“(b) Exclusions.—

“(1) Land enrolled in other conservation programs.—Subject to paragraph (2), the following land (even if covered by the definition of eligible land) is not eligible for enrollment in the program:

“(A) Land enrolled in the conservation reserve program, unless—

“(i) the conservation reserve contract will expire at the end of the fiscal year in which the land is to be enrolled in the program; and

“(ii) conservation reserve program payments for land enrolled in the program cease before the first program payment is made to the applicant under this subchapter.
“(B) Land enrolled in a wetland easement through the agricultural conservation easement program.

“(C) Land enrolled in the conservation security program.

“(2) CONVERSION TO CROPLAND.—Eligible land used for crop production after October 1, 2012, that had not been planted, considered to be planted, or devoted to crop production for at least 4 of the 6 years preceding that date shall not be the basis for any payment under the program, unless the land does not meet the requirement because—

“(A) the land had previously been enrolled in the conservation reserve program;

“(B) the land has been maintained using long-term crop rotation practices, as determined by the Secretary; or

“(C) the land is incidental land needed for efficient operation of the farm or ranch, as determined by the Secretary.

“SEC. 1238F. STEWARDSHIP CONTRACTS.

“(a) SUBMISSION OF CONTRACT OFFERS.—To be eligible to participate in the conservation stewardship program, a producer shall submit to the Secretary a contract offer for the agricultural operation that—
“(1) demonstrates to the satisfaction of the Secretary that the producer, at the time of the contract offer, meets or exceeds the stewardship threshold for at least 2 priority resource concerns; and

“(2) would, at a minimum, meet or exceed the stewardship threshold for at least 1 additional priority resource concern by the end of the stewardship contract by—

“(A) installing and adopting additional conservation activities; and

“(B) improving, maintaining, and managing existing conservation activities across the entire agricultural operation in a manner that increases or extends the conservation benefits in place at the time the contract offer is accepted by the Secretary.

“(b) Evaluation of Contract Offers.—

“(1) Ranking of Applications.—In evaluating contract offers submitted under subsection (a), the Secretary shall rank applications based on—

“(A) the level of conservation treatment on all applicable priority resource concerns at the time of application;
“(B) the degree to which the proposed conservation activities effectively increase conservation performance;

“(C) the number of applicable priority resource concerns proposed to be treated to meet or exceed the stewardship threshold by the end of the contract;

“(D) the extent to which other priority resource concerns will be addressed to meet or exceed the stewardship threshold by the end of the contract period;

“(E) the extent to which the actual and anticipated conservation benefits from the contract are provided at the least cost relative to other similarly beneficial contract offers; and

“(F) the extent to which priority resource concerns will be addressed when transitioning from the conservation reserve program to agricultural production.

“(2) PROHIBITION.—The Secretary may not assign a higher priority to any application because the applicant is willing to accept a lower payment than the applicant would otherwise be eligible to receive.

“(3) ADDITIONAL CRITERIA.—The Secretary may develop and use such additional criteria that
the Secretary determines are necessary to ensure that national, State, and local priority resource concerns are effectively addressed.

“(c) ENTERING INTO CONTRACTS.—After a determination that a producer is eligible for the program under subsection (a), and a determination that the contract offer ranks sufficiently high under the evaluation criteria under subsection (b), the Secretary shall enter into a conservation stewardship contract with the producer to enroll the eligible land to be covered by the contract.

“(d) CONTRACT PROVISIONS.—

“(1) TERM.—A conservation stewardship contract shall be for a term of 5 years.

“(2) REQUIRED PROVISIONS.—The conservation stewardship contract of a producer shall—

“(A) state the amount of the payment the Secretary agrees to make to the producer for each year of the conservation stewardship contract under section 1238G(d);

“(B) require the producer—

“(i) to implement a conservation stewardship plan that describes the program purposes to be achieved through 1 or more conservation activities;
“(ii) to maintain and supply information as required by the Secretary to determine compliance with the conservation stewardship plan and any other requirements of the program; and

“(iii) not to conduct any activities on the agricultural operation that would tend to defeat the purposes of the program;

“(C) permit all economic uses of the eligible land that—

“(i) maintain the agricultural nature of the land; and

“(ii) are consistent with the conservation purposes of the conservation stewardship contract;

“(D) include a provision to ensure that a producer shall not be considered in violation of the contract for failure to comply with the contract due to circumstances beyond the control of the producer, including a disaster or related condition, as determined by the Secretary;

“(E) include provisions requiring that upon the violation of a term or condition of the contract at any time the producer has control of the land—
“(i) if the Secretary determines that the violation warrants termination of the contract—

“(I) the producer shall forfeit all rights to receive payments under the contract; and

“(II) the producer shall refund all or a portion of the payments received by the producer under the contract, including any interest on the payments, as determined by the Secretary; or

“(ii) if the Secretary determines that the violation does not warrant termination of the contract, the producer shall refund or accept adjustments to the payments provided to the producer, as the Secretary determines to be appropriate;

“(F) include provisions in accordance with paragraphs (3) and (4) of this section; and

“(G) include any additional provisions the Secretary determines are necessary to carry out the program.

“(3) Change of interest in land subject to a contract.—
“(A) IN GENERAL.—At the time of application, a producer shall have control of the eligible land to be enrolled in the program. Except as provided in subparagraph (B), a change in the interest of a producer in eligible land covered by a contract under the program shall result in the termination of the contract with regard to that land.

“(B) TRANSFER OF DUTIES AND RIGHTS.—Subparagraph (A) shall not apply if—

“(i) within a reasonable period of time (as determined by the Secretary) after the date of the change in the interest in eligible land covered by a contract under the program, the transferee of the land provides written notice to the Secretary that all duties and rights under the contract have been transferred to, and assumed by, the transferee for the portion of the land transferred;

“(ii) the transferee meets the eligibility requirements of the program; and
“(iii) the Secretary approves the transfer of all duties and rights under the contract.

“(4) MODIFICATION AND TERMINATION OF CONTRACTS.—

“(A) VOLUNTARY MODIFICATION OR TERMINATION.—The Secretary may modify or terminate a contract with a producer if—

“(i) the producer agrees to the modification or termination; and

“(ii) the Secretary determines that the modification or termination is in the public interest.

“(B) INVOLUNTARY TERMINATION.—The Secretary may terminate a contract if the Secretary determines that the producer violated the contract.

“(5) REPAYMENT.—If a contract is terminated, the Secretary may, consistent with the purposes of the program—

“(A) allow the producer to retain payments already received under the contract; or

“(B) require repayment, in whole or in part, of payments received and assess liquidated damages.
“(e) CONTRACT RENEWAL.—At the end of the initial 5-year contract period, the Secretary may allow the producer to renew the contract for 1 additional 5-year period if the producer—

“(1) demonstrates compliance with the terms of the initial contract;

“(2) agrees to adopt and continue to integrate conservation activities across the entire agricultural operation, as determined by the Secretary; and

“(3) agrees, by the end of the contract period—

“(A) to meet the stewardship threshold of at least two additional priority resource concerns on the agricultural operation; or

“(B) to exceed the stewardship threshold of two existing priority resource concerns that are specified by the Secretary in the initial contract.

“SEC. 1238G. DUTIES OF THE SECRETARY.

“(a) IN GENERAL.—To achieve the conservation goals of a contract under the conservation stewardship program, the Secretary shall—

“(1) make the program available to eligible producers on a continuous enrollment basis with 1 or more ranking periods, one of which shall occur in the first quarter of each fiscal year;
“(2) identify not less than 5 priority resource concerns in a particular watershed or other appropriate region or area within a State; and

“(3) establish a science-based stewardship threshold for each priority resource concern identified under paragraph (2).

“(b) ALLOCATION TO STATES.—The Secretary shall allocate acres to States for enrollment, based—

“(1) primarily on each State’s proportion of eligible land to the total acreage of eligible land in all States; and

“(2) also on consideration of—

“(A) the extent and magnitude of the conservation needs associated with agricultural production in each State;

“(B) the degree to which implementation of the program in the State is, or will be, effective in helping producers address those needs; and

“(C) other considerations to achieve equitable geographic distribution of funds, as determined by the Secretary.

“(c) ACREAGE ENROLLMENT LIMITATION.—During the period beginning on October 1, 2012, and ending on
September 30, 2021, the Secretary shall, to the maximum extent practicable—

“(1) enroll in the program an additional 9,000,000 acres for each fiscal year; and

“(B) improving, maintaining, and managing conservation activities in place at the agricultural operation of the producer at the time the contract offer is accepted by the Secretary.

“(2) PAYMENT AMOUNT.—The amount of the conservation stewardship annual payment shall be determined by the Secretary and based, to the maximum extent practicable, on the following factors:

“(A) Costs incurred by the producer associated with planning, design, materials, installa-
tion, labor, management, maintenance, or training.

“(B) Income forgone by the producer.

“(C) Expected conservation benefits.

“(D) The extent to which priority resource concerns will be addressed through the installation and adoption of conservation activities on the agricultural operation.

“(G) Such other factors as determined appropriate by the Secretary.

“(3) EXCLUSIONS.—A payment to a producer under this subsection shall not be provided for—

“(A) the design, construction, or maintenance of animal waste storage or treatment facilities or associated waste transport or transfer devices for animal feeding operations; or
“(B) conservation activities for which there is no cost incurred or income forgone to the producer.

“(4) Delivery of Payments.—In making payments under this subsection, the Secretary shall, to the extent practicable—

“(A) prorate conservation performance over the term of the contract so as to accommodate, to the extent practicable, producers earning equal annual payments in each fiscal year; and

“(B) make payments as soon as practicable after October 1 of each fiscal year for activities carried out in the previous fiscal year.

“(e) Supplemental Payments for Resource-Conserving Crop Rotations.—

“(1) Availability of Payments.—The Secretary shall provide additional payments to producers that, in participating in the program, agree to adopt or improve resource-conserving crop rotations to achieve beneficial crop rotations as appropriate for the eligible land of the producers.

“(2) Beneficial Crop Rotations.—The Secretary shall determine whether a resource-conserving crop rotation is a beneficial crop rotation eligible for
additional payments under paragraph (1) based on whether the resource-conserving crop rotation is designed to provide natural resource conservation and production benefits.

“(3) ELIGIBILITY.—To be eligible to receive a payment described in paragraph (1), a producer shall agree to adopt and maintain beneficial resource-conserving crop rotations for the term of the contract.

“(4) RESOURCE-CONSERVING CROP ROTATION.—In this subsection, the term ‘resource-conserving crop rotation’ means a crop rotation that—

“(A) includes at least 1 resource conserving crop (as defined by the Secretary);

“(B) reduces erosion;

“(C) improves soil fertility and tilth;

“(D) interrupts pest cycles; and

“(E) in applicable areas, reduces depletion of soil moisture or otherwise reduces the need for irrigation.

“(f) PAYMENT LIMITATIONS.—A person or legal entity may not receive, directly or indirectly, payments under the program that, in the aggregate, exceed $200,000 under all contracts entered into during fiscal years 2013 through 2017, excluding funding arrangements with Ind-
dian tribes, regardless of the number of contracts entered into under the program by the person or legal entity.

“(g) Specialty Crop and Organic Producers.— The Secretary shall ensure that outreach and technical assistance are available, and program specifications are appropriate to enable specialty crop and organic producers to participate in the program.

“(h) Coordination with Organic Certification.—The Secretary shall establish a transparent means by which producers may initiate organic certification under the Organic Foods Production Act of 1990 (7 U.S.C. 6501 et seq.) while participating in a contract under the program.

“(i) Regulations.—The Secretary shall promulgate regulations that—

“(1) prescribe such other rules as the Secretary determines to be necessary to ensure a fair and reasonable application of the limitations established under subsection (f); and

“(2) otherwise enable the Secretary to carry out the program.”.

(b) Effective Date.—The amendment made by this section shall take effect on October 1, 2012.

(c) Effect on Existing Contracts.—

“(i) farmed or converted wetlands, together with adjacent land that is functionally dependent on that land, if the Secretary determines it—

“(I) is likely to be successfully restored in a cost effective manner; and

“(II) will maximize the wildlife benefits and wetland functions and values, as determined by the Secretary in consultation with the Secretary of the Interior at the local level;

“(ii) cropland or grassland that was used for agricultural production prior to flooding from the natural overflow of—

“(I) a closed basin lake and adjacent land that is functionally dependent upon it, if the State or other entity is willing to provide 50 percent share of the cost of an easement;

“(II) a pothole and adjacent land that is functionally dependent on it;
“(iii) farmed wetlands and adjoining lands that—

“(I) are enrolled in the conservation reserve program;

“(II) have the highest wetland functions and values, as determined by the Secretary; and

“(iv) riparian areas that link wetlands that are protected by easements or some other device that achieves the same purpose as an easement; or

“(v) other wetlands of an owner that would not otherwise be eligible, if the Secretary determines that the inclusion of such wetlands in a wetland easement would significantly add to the functional value of the easement; or

“(C) in the case of either an agricultural land easement or wetland easement, other land that is incidental to land described in subparagraph (A) or (B), if the Secretary determines
that it is necessary for the efficient administration of the easements under this program.

“(2) SCOPE OF ASSISTANCE AVAILABLE.—

“(A) FEDERAL SHARE.—An agreement described in paragraph (4) shall provide for a Federal share determined by the Secretary of an amount not to exceed 50 percent of the fair market value of the agricultural land easement or other interest in land, as determined by the Secretary using—

“(C) Exception.—In the case of grassland of special environmental significance, as determined by the Secretary, the Secretary may provide an amount not to exceed 75 percent of the fair market value of the agricultural land easement.

“(3) Evaluation and Ranking of Applications.—

“(A) Criteria.—The Secretary shall establish evaluation and ranking criteria to maximize the benefit of Federal investment under the program.

“(B) Considerations.—In establishing the criteria, the Secretary shall emphasize sup-
“(i) protecting agricultural uses and related conservation values of the land; and
“(ii) maximizing the protection of areas devoted to agricultural use.
“(C) BIDDING DOWN.—If the Secretary determines that 2 or more applications for cost-share assistance are comparable in achieving the purpose of the program, the Secretary shall not assign a higher priority to any of those applications solely on the basis of lesser cost to the program.
“(4) AGREEMENTS WITH ELIGIBLE ENTITIES.—
“(A) IN GENERAL.—The Secretary shall enter into agreements with eligible entities to stipulate the terms and conditions under which the eligible entity is permitted to use cost-share assistance provided under this section.
